departments of school work. We have a number of good positions to be filled from \$400 to \$1,500. If you desire a position for next year, write us for particulars. NATIONAL TEACHERS' BUREAU, Box 662, Richmond, Va.

# GRANITE WORKERS OUT ON STRIKE

RICHMOND, VA.—Special.—Members of the Richmond branch of the International Granite Cutters' Union went out on strike this morning and around the city are now closed down as a result. The union here has a membership of upwards of 100 stone-cutters.

The strike follows the action of Richmond employers Saturday, at which they refused to accede to the request of the men for higher wages and shorter hours. The men asked for a raise of 25 cents per day, making the wages per day \$4, and for a half-day off on Saturday, and that all piece work be eliminated.

It is the contention of the employers that the demand for local stone cutting had decreased, and that the amount of business done in this line does not justify the increase. It is said that many of the Richmond contractors buy their granite outside of the city ready cut, and as a consequence the field here is limited for local cut granite.

The demands of the stone cutters embraced the provision that the employers be allowed to join the union. Hitherto there has not been any union of the employers. The stone cutters made known their demands about the first of the year, and last night decided that sufficient time for their consideration by the employers had elapsed, and so the strike was called.

## AMHERST SHERIFF'S HOME BURNED

LYNCHBURG, VA.—Special.—The residence of Sheriff R. H. Drummond, at Amherst Courthouse, was destroyed by fire this morning at 4 o'clock. The fire started from the smoking stove, extending to the home of \$1,000 of which is insured by a local company.

## CONVICT PAROLED THAT HE COULD SEE HIS BABY

KANSAS CITY, MO.—Special.—Joseph W. Casper, crippled telegraph operator, was paroled by Judge Lathrop, of the Criminal Court. He pleaded guilty some time ago to forging a check for \$117, but proved that he had turned the money over to his wife. She came from Oklahoma City to return part of the money and he now at the General Hospital. Her child is but a month old. There are other children.

The plea of the prisoner before Judge Lathrop was that he might go to see his wife and the baby on which he had never laid eyes. The court gave him that permission, and in addition granted a parole.

## DEPARTMENT STORE CLERKS ON STRIKE

BUFFALO, N. Y.—Special.—Five thousand department store clerks in Buffalo went on strike this morning with hundreds of pretty girls acting as pickets. Twenty-five local stores are involved in the strike and hundreds of service districts, including the Sweeney Company, the William Heener Company, J. H. Adams & Co., Hays & Kelly, H. A. Smith, C. W. Farn & Co., Adam Seligman and Anderson Company, Wood & Co., Wallbridge & Co., the Siegel & Fratt Co., The F. W. H. Company, F. W. C. Co., and the Knickerbocker Five and Ten Cent Store, and other establishments.

The workers are asking for an eight-hour week minimum wage for girls and women, \$15 minimum wage for men; \$15 minimum wage for boys, and \$12 a week for drivers and truckers. They ask that no employee be asked to work longer than eight hours a day, and that the stores be closed at 5 o'clock every evening.

They also ask for Saturday half holidays during June, July, August and September with full pay.

## THREE-THOUSAND DOLLAR FIRE AT MANNBORO

MANNBORO, VA.—May 1.—Three thousand dollars' loss was occasioned here last night when the barn and out-houses belonging to the home of W. T. Curries were completely destroyed by fire. A large amount of live stock and several vehicles burned up. There was no insurance on the destroyed goods. A fine horse and buggy belonging to T. E. Winfree, of this place, were also destroyed.

## INHERITED ICE BOX PROVED A REAL "MINE"

LEAVENWORTH, KAN.—Special.—The parents of Mary Sawaski had died within a week of each other,

she took possession of their home. She sold an old ice box to a peddler, who, upon examining the interior, found a wallet containing \$167.50 and a small muslin bag with \$5 in silver in it. Miss Sawaski happened to be near when the money was found, however, and reconsidered the bargain. The peddler contended that he already had bought the box and insisted that he keep the cash to court. Miss Sawaski was that of her father, but the peddler says she does not know whether it is or not.

Coming so closely after the finding of about \$500 in \$10 and \$20 gold certificates in the immediate vicinity of the Sawaski home, the incident has caused considerable excitement in South Leavenworth, and hundreds of people have resumed their search for the "mother lode."

# OPPOSE PROPOSED "PEACE JUBILEE"

RICHMOND, VA.—Special.—Opposition on the part of the Confederate Memorial Literary Society and others who believe it would be a "shame and an outrage" to hold the proposed "Peace Jubilee" here in 1915 in celebration of the fiftieth anniversary of the end of the War Between the States will only tend to strengthen the enthusiasm of those behind the movement, according to Charles T. Norman, president of the Retail Merchants' Association.

"My experience has been," declared Mr. Norman today, "that nothing of any consequence has ever been accomplished without opposition of some sort, and it was to be naturally expected that the Peace Jubilee movement would encounter some obstacles. However, this will strengthen the movement and all the more, and in my opinion, will practically insure its success."

At the same time Mr. Norman let it be known that it was far from his mind to criticize the women who are opposing the project, though he did recall that some of the ladies even ventured to oppose the location of Lee Monument on his present site in the West End about twenty years ago, claiming that it was too far out in the country, and that the city would never grow as far as the monument.

"It is largely up to the city of Richmond to decide whether it wants the jubilee," Mr. Norman went on. "Our association has endorsed the idea and will leave no stone unturned to make it a success. But, of course, we cannot do it through alone. It will be up to all the civic organizations and the citizens generally to put their shoulders to the wheel and give it a shove. Meanwhile, our special committee, headed by Sam Cohen, will get to work sounding public opinion and setting the ball in motion."

Mr. Norman pointed out that R. E. Lee, Camp of Confederate Veterans had already endorsed the movement, showing that those who followed the great Confederate chieftain see no impropriety in making Richmond the scene of the celebration, even though the close of hostilities may have brought grief and tears to many Richmond people.

Furthermore, Mr. Norman pointed out that a host of Northern veterans are now preparing to attend the grand reunion of the Blue and Gray at Gettysburg this summer. This, he said, shows that in feeling between survivors of the great conflict no longer exists.

Miss Sallie Archer Anderson, president of the Confederate Memorial Literary Society, was outspoken today in her opposition to the movement.

So far, neither of the Confederate chapters in Richmond has shown any record of opposing the project. Mrs. Norman Randolph, an ardent rebel, a head of one of these organizations. The other is headed by Mrs. Andrew Jackson Montague.

The following resolutions opposing the movement were unanimously adopted by the memorial society yesterday:

"Resolved, That this society shall go on record as protesting vigorously against a so-called jubilee in commemoration of April 9, 1865, which was the saddest day in the history of the South, and do also protest against the suggestion that the Grand Army of the Republic be invited."

## AUSTRIA WILL FORCE NICHOLAS

VIENNA.—Special.—The Austrian foreign office announced today that the Austrian Government would immediately adopt coercive measures against the Montenegrin Government. Under there is a change of attitude at Cetinje.

A dispatch to the Neue Freie Presse states that the civilian population of the towns of Cattaro and Dubna, on the Hungarian-Montenegrin frontier, are abandoning their homes in fear of a conflict between Austrian and Montenegrin troops.

The Sallie newspaper announced that Italy has agreed to support Austria in any action the latter might take against Montenegro.

The possibility that Austria might precipitate an extensive campaign embracing all of Western Albania is growing.

Minister Not Recalled.

## MRS. BRYAN IN NEED OF REST

WASHINGTON, D. C.—Special.—Mrs. William Jennings Bryan, wife of the Secretary of State, is a patient at the Washington Sanatorium. She is recovering from a slight attack of nervousness, brought about by recent social activities.

Mrs. Bryan's condition is not regarded as serious. She entered the sanatorium, it is understood, last Friday. She is expected to leave the institution within a few days.

# URGE PASSAGE OF ALIEN LAND BILL

## California People Demand That Tokyo Set Forth Objections Explicitly.

SACRAMENTO, CAL.—Special.—Sentiment last night among the members of the California Legislature favored the adoption of an anti-alien land bill similar to the one that brought Secretary of State Bryan across the continent to confer over the matter.

This is the statement today of leaders, although during the morning a statement was made waiting for a further answer from Washington to questions submitted to President Wilson by Secretary Bryan, sentiment today evidently was more strongly in favor of the anti-alien bill than it was yesterday. In any event, the feeling that developed from Washington to questions submitted to President Wilson by Secretary Bryan, sentiment today evidently was more strongly in favor of the anti-alien bill than it was yesterday.

# LEVEE CRUMBLES UNDER GREAT STRAIN

## Eight Hundred Men Work to Stop Leak in Levee on Mississippi.

NAI'VEZ, MISS.—Special.—The levee situation throughout this section was very grave Wednesday.

United States engineers, with a force of 800 men, at daybreak attempted the laborious task of blocking up the breach in the levee which is now 3,000 feet wide and through which the overflow waters of the St. John River are rushing, flooding hundreds of miles of surrounding territory. A dispatch received from Navez, La., states that despite the efforts of more than 2,000 workmen to bolster up the crumbling levee, the straits of the Red river, and it is expected they will collapse before nightfall.

# WILL MARCH ON AMERICA NEXT

Mrs. Belmont Declares English Methods Will Be Taken to New York.

LONDON.—Special.—Mrs. O. H. P. Belmont, who is temporarily stopping at a hotel here while on her way to attend the international convention of woman suffragists at Budapest, issued a statement Wednesday, which read:

"I meant what I said before leaving the United States. If New York fails to awake, we shall introduce militant methods of the type used by the Women's Social and Political Union."

"I also meant what I said about spending no money in England. I am staying at this hotel only because I found spring cleaning under way in the home of my daughter, the Duchess of Marlborough."

Mrs. Belmont's plan to spend no money in England while on her way to the international convention of woman suffragists at Budapest was intended as a sort of boycott to protest against the government's attitude toward woman suffrage.

Last night Mrs. Belmont and Mrs. Carrie Chapman Catt, of New York, occupied front seats on the platform at the meeting of the Women's Social and Political Union at Kingsway Hall to protest against the forcible feeding of imprisoned suffragists. Neither of the American women spoke, but showed approval of the speeches by unobtrusive applause. Their presence together is taken to mean that their antipathies in regard to the suffrage campaign have been overcome.

Mrs. Belmont's daughter, who was expected to be present, did not appear. At the close of the meeting Mrs. Belmont contributed \$20 to the war chest, which, by her request, was announced as "from America."

Resolutions denouncing forcible feeding were carried with great enthusiasm by the large audience.

# BRYAN HONORED BY CALIFORNIANS

SAN FRANCISCO, CAL.—Special.—The city paid its respects to Secretary of State William Jennings Bryan, when he arrived here today from Sacramento.

A huge crowd greeted Bryan at the depot. He was immediately escorted to a luncheon in his honor by President Moore and other officials of the Panama-Pacific Exposition. Later Mr. Bryan was taken on a motor trip through Golden Gate Park and at Fort Blaney a troop of cavalry met him and escorted him to the old review grounds in Presidio, where all the troops turned out to meet him. Mr. Bryan's daughter, who accompanied him, will return to Sacramento tomorrow.

# UNITED STATES CIVIL SERVICE EXAMINATION

## SUPERINTENDENT OF FARM AND TRANSPORTATION (MALE).

June 4, 1913.

The United States Civil Service Commission announces an open competitive examination for superintendent of farm and transportation, for men only, on June 4, 1913, to fill a vacancy in this position in the United States Penitentiary, Atlanta, Ga., at \$900 a year, and vacancies as they may occur in positions requiring similar qualifications. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1800.

## DENTAL INTERNE (MALE).

An open competitive examination for dental interne, for men only, on June 4, 1913, to fill a vacancy in this position at \$600 per annum, with maintenance, in the Government Hospital for the Insane, Washington, D. C., and vacancies as they may occur in positions requiring similar qualifications. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1800.

## NAUTICAL EXPERT (MALE).

June 4, 1913.

An open competitive examination for nautical expert, for men only, on June 4, 1913, to fill vacancies as they may occur in this position at a salary of \$1,000 per annum, in the Hydrographic Office, Bureau of Navigation, Navy Department. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1312.

## MAP COLORIST.

June 4, 1913.

An open competitive examination for map colorist, for both men and women, on June 4, 1913, to fill vacancies as they may occur in this position, at salaries ranging from \$600 to \$720 a year, in the departments at Washington, D. C. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1800.

## ASSISTANT IN ANIMAL PATHOLOGY (MALE).

June 4, 1913.

An open competitive examination for assistant in animal pathology, for men only, on June 4, 1913, to fill vacancies in this position in the Bureau of Standards, Department of Agriculture, at salaries ranging from \$1,400 to \$1,800 a year. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1312.

## LABORATORY ASSISTANT IN CERAMICS (MALE).

June 4, 1913.

An open competitive examination for laboratory assistant in ceramics, for men only, on June 4, 1913, to fill several vacancies in this position in the Bureau of Standards, Department of Commerce, at salaries ranging from \$900 to \$1,200 per annum. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for Form 1312.

## TESTING MACHINE OPERATOR (MALE).

June 4, 1913.

An open competitive examination for testing machine operator, for men only, on June 4, 1913, to fill a vacancy in this position at \$1,200 a year, and vacancies in the position of assistant testing machine operator at salaries ranging from \$1,200 to \$1,600 a year, in the Bureau of Standards, Washington, D. C. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for Form 1312.

## PRACTICAL PAPER MAKER (MALE).

June 4, 1913.

An open competitive examination for practical paper maker, for men only, on June 4, 1913, to fill a vacancy in this position in the Bureau of Standards, Department of Commerce, at a salary of \$1,000 a year. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for application and examination Form 1800.

## MODEL MAKER (MALE).

June 2, 1913.

An open competitive examination for model maker, for men only, to fill a vacancy in this position at a salary ranging from \$1,600 to \$1,800 a year, in the Office of Public Roads, Department of Agriculture. Persons who desire this examination should at once apply for Form 1800 to the United States Civil Service Commission, Washington, D. C.

## AID (MALE).

June 4-5, 1913.

An open competitive examination for aid, for men only, on June 4 and 5, 1913, to fill a large number of vacancies in the position of aid and desk officer, in the Coast and Geodetic Survey. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for Form 1312.

## AID.

The rank of aid is the lowest or entering rank leading to the position of assistant to the superintendent. The Coast and Geodetic Survey is engaged in a great variety of duties and its operations extend over a vast range of territory. The aids, like the assistants, are subject to assignments either as chiefs of party or subordinate officers on parties engaged in the determination of the magnetic elements, in secondary triangulation and astronomic determinations for the control of topographic and hydrographic surveys, in primary triangulation and the corresponding astronomic determinations, in topographic surveying along the coast, and in hydrographic surveys in the bays and harbors and in the open sea. The steamers and sailing vessels belonging to the Survey are commanded by these members of the permanent field force. During the intervals between field seasons, assistants and aids are subject to assignment to office duty in Washington or in one of the substations at San Francisco or Manila. Nearly all administrative positions in the office at Washington, from that of chief of division to the highest rank, are open to and are now filled by assistants. The duties of the field officers take them to all parts of the United States, including Porto Rico, Alaska, Hawaii, and the Philippines.

The members of the permanent field force have, therefore, a very wide range of duties as surveyors engaged in the highest grades of surveying, as navigators and as scientists, and have a rare opportunity for extensive travel and acquaintance with the world.

The aid is subject to assignment to any duty required of any other officers of the permanent field force.

In general, the exigencies of the service place the aids so promptly in responsible positions that there is an abundant opportunity for a man of exceptional ability to become known. Aids are appointed at a salary of \$900 per annum. The next steps in the line of promotion are at salaries of \$1,000 and \$1,100 as aid, and thence to assistant at \$1,200, and then upward by steps of \$50 each. The law now provides for five aids at \$900 per annum, eighteen aids at \$1,000, and six at \$1,100; thirty-four assistants at \$1,200 to \$1,500, and thirty assistants at \$2,000 to \$4,000.

The necessary traveling expenses incurred in the line of duty are paid by the Government, and in addition to his salary an aid or assistant is paid an allowance for subsistence while on field duty. During this period the allowance for subsistence is from \$1 a day for an officer living on shipboard or in camp in quarters furnished by the Government to \$2.50 a day for a chief of party living at a hotel or other quarters furnished by the Government. On service in the Philippines the allowance for subsistence is \$2.50 a day under all conditions, even at Manila.

## DESK OFFICERS.

Desk officers are appointed at a salary of \$900 per annum for special service on board the ships of the Coast and Geodetic Survey and on hydrographic parties. They receive their traveling expenses and actual subsistence while traveling on official duty. No subsistence is paid them while on duty on the vessels. Desk officers appointed from this examination are eligible for transfer to the position of aid, and are usually promoted in that manner.

Issued April 30, 1913.

## ASSOCIATE PHYSICIST (MALE).

(Qualified in electrical engineering.)

June 2, 1913.

An open competitive examination for associate physicist, qualified in electrical engineering, for men only, to fill vacancies in this position as they may occur in the Bureau of Standards, at Washington, D. C., at salaries ranging from \$2,000 to \$2,700 a year, the salaries actually paid depending upon the qualifications of the eligible selected. Persons who desire this examination should at once apply for Form 304 and special form to the United States Civil Service Commission, Washington, D. C.

## LABORATORY APPRENTICE (MALE).

June 4-5, 1913.

An open competitive examination for laboratory apprentice, for men only, on June 4 and 5, 1913, to fill vacancies in this position in the Bureau of Standards, Department of Commerce, at salaries ranging from \$180 to \$450 per annum. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for Form 1312.

## PHYSICAL LABORATORY HELPER (MALE).

June 4, 1913.

An open competitive examination for physical laboratory helper, for men only, on June 4, 1913, to fill vacancies in this position as they may occur, in the Bureau of Standards, Department of Commerce, at salaries ranging from \$600 to \$720 a year. Persons who desire this examination should at once apply to the United States Civil Service Commission, Washington, D. C., for Form 1312.
